## PREFACE

Oregon's first white settlers came in 1836. This was the Missionary Whitman and party. By 1843 more than 1000 pioneers had settled in the Northwest. In August 1848, Oregon Territory was created. Our state was included in this.

In 1853 Oregon territory was divided and Washington Territory was created from this. Ten years later Washington Territory was reduced to its present state size. Washington became a State in 1889.

The "mother county" of Spokane, was Stevens County. Spokane County was formed Oct. 30, 1879.

The town of Spokane Falls was formed in 1872 by James Glover..known as the "Father of Spokane". In March 1891, by City Charter, Spokane Falls became Spokane. In June of that year, the Post Office made Spokane the official name for our city.

Spokane County is bounded on the east by the Idaho state line; on the south by Whitman County ; on the west by Lincoln County and on the north by Stevens and Bend Orealie Counties.

This is to Certify, that the undersigned, a Magistrate by the Authority of a License bearing the date 26th day of June A.D. 1880 And issued by the County Auditor of the County of Spokane, did on the 27th day of June A.D. 1880 at the residence of May Wimpy in the County and Territory aforesaid, join in Wedlock C. B. King of the County of Spokane, in Washington Territory and Miss Bell Wimpy of the County of Spokane and Territory of Washington, with their mutual consent and in the presence of H. H. Wimpy and Julia Etta Christian, witnesses.

Witness my hand, this 27th day of June, 1880

(Signed) C. I. Wright

Minister of the Gospel

The above is as the License reads in the ledger. We have briefed down the data, giving the dates; names of groom and bride; witnesses and the one who officiated at the ceremony. We have copied to the best of our ability, the data to follow. The ink is faded in places and the handwriting in others, leaves much to be desired. If in doubt as to the correct spelling, a ? follows the name. An index will be placed at the back of the book..giving names of all parties mentioned. Since they appear frequently, the listing of Ministers, Priests and Justices will precede the main index.

Compiled 1972

With Book "A" of Early Spokane County Marriages is a small ledger. This seems to be a duplicate of Book A but there are a few differences. They do dove-tail with A, so will be added to this data. There are no page numbers, nor any license no.. They will be identified in the index as S1 or S2..signifying Supplement 1 or Supplement 2, etc.

These are hand written:
